

Travel the path
of the inner
journey for your
highest adventure.

All that you need,
lies within you.

Even within
what appears
to be chaos
in your life,
lies perfect order.

Move toward your
goals and leave
the details to
the universe.

The best partner
is one who dances
to the same
inner music.

LOVE IS THE
QUINTESSENTIAL
BUDDING FLOWER

Service is the rent
you pay for living
on planet earth.

The only person
you ever need
to change is
yourself.

You are a
spiritual being
having a
human
experience.

Life is lived
from the
inside out.

Everybody
must find
their own
peace.

The most
subtle shift
of consciousness
can result in
dynamic changes
in your life.

Give to humanity,
and you give
to yourself.

The more you understand
that you don't
understand most of
what exists, the more you
understand what exists.
Jack Boland

Work hard in the
invisible world
so that you reap
the reward in
the visible world.

JOY JOY
ENJOY... JOY
BE IN JOY
JOY

When you judge
someone else
you reveal
who you are.

Your desires
are waiting
to be born.

Every
coincidence
is guidance
from the
universe.

Don't try to make
your life work.
Allow it to unfold.

Find
opportunities,
not
obligations.

Nature's
harmony
can also be
found
within you.

It's useless to try
to run away from
anything because
you take yourself
with you everywhere

The best time
in your life
is right
now.

You are made
of star dust
and are as
vast as the
universe.

We are
hypnotized
by our past
conditioning.

You are a
human being,
not a
human doing.
